## Feedback from CO 2019

Outstanding! Many thanks! Your students were wonderful, as well. Can't wait to see the video!

Thanks for all you did for this! The contest was very well organized (everything from judges' copies, office supplies, room organization and signage, room monitors, results processing, to collaboration

between the judging teams towards the end of the contest). The banners looked great, and the video promotion to increase visibility is a great idea as well!

Saturday was very well done. Thank you for all the work that went into that.

Sandy had mentioned one thing - clean scripts for Reader's theater. I remember one year, I had students ask if they could use their marked up copies for the competition. I looked at the handbook and didn't see anything about it. I may have even asked someone, I'm not sure. But we came up with that no, it was not necessary. However, Sandy mentioned it after seeing several groups with them marked up - mine included. And I just checked the judges handbook and it does say they are supposed to have clean scripts. So that is something we should probably clarify for the future - one way or the other.

I thought the day went very well. Nice morning!

#### Merci mille fois!

Thank you for your extreme organization. This was a model that all should use for years to come. Especially NOT assigning performance times - this has bugged me for years. :) So, I hope others will continue to just have a performance order, not assigned times - this keeps things moving much more logically and smoothly. I have NO complaints, all positive feedback! The kids had a great experience. Merci encore

Merci beaucoup pour avoir envoyé les résultats aussi rapidement. C'était une très bonne idée de varier les catégories corrigées par les profs. Le concours était très bien organisé et tous les élèves qui y sont allés en sont très contents. La seule chose chose que les élèves n'ont pas trop aimé était le style du t-shirt.

Merci encore une fois,

Wow! Saturday was great! Your leadership and partnership in the organization and running of the day's events was so smooth and quick. Milwaukee French Immersion vous remercie enormement pour tes efforts! C'etait un vrai succes!
